Limited Partner of the Year in North America

Alaska Permanent Fund

Alaska Permanent Fund reclaimed the top spot in 2020, after winning the Limited Partner of the Year title for North America in 2018 and 2017. Last year was the busiest yet for the fund's relatively young private equity programme, despite the pandemic. It completed commitments totalling \$1.2 billion to 29 funds managed by 21 managers, including \$100 million invested in two new GP relationships forged exclusively through online due diligence. The fund also invested \$165 million in seven co-investments, all diligenced and closed remotely.
